The screenshot shows the IBM Cloud Kubernetes Service dashboard for a cluster named 'mycluster-free'. The cluster is in the 'Preparing master, workers...' state and expires in 30 days. The 'Worker nodes' tab is selected, showing a single worker node pool with the following details:

Name	Status	Worker pool	Zone	Private IP	Public IP	Version
000000c9	Deployed	default	Milan 01	10.144.213.108	169.51.206.6	1.24.7_1543

The dashboard also includes a sidebar with navigation options (Overview, Worker nodes, Worker pools, DevOps), a top navigation bar with links to the Kubernetes dashboard and actions, and a bottom status bar showing the time and date.
